

Berliner Netzwerk Arbeitsmarktforschung

BeNA 20-Year Jubilee Conference

March 14 -15, 2024

Call for Papers

(extended)

The **Berlin Network of Labor Market Research (BeNA e.V.)** is proud to organize a conference to celebrate its **20th birthday!** BeNA was launched in 2004 to provide a forum for young labor market researchers to present and discuss their work. From the beginning, it has been coordinated and organized by young scholars affiliated with institutions in and around Berlin. Since then, it has continuously expanded its activities, including seminars, lecture series, and workshops.

In this spirit, we are organizing a conference to bring together current and former BeNA members and all other scholars interested in labor economics. We plan to have **three different formats** at this conference: **1) presentations of scientific papers, 2) flash talks to present preliminary work, and 3) practitioner's talks.**

The conference will take place on **March 14-15 at Humboldt University of Berlin, School of Business and Economics, Spandauer Str. 1.** The **Keynote** will be delivered by **Professor Abi Adams-Prassl** (University of Oxford). On the evening of March 14th, we will celebrate the BeNA birthday party with an informal conference dinner. The event is supported by [INSIGHTS](#), the knowledge transfer program of the Berlin School of Economics.

Submissions

You are cordially invited to submit a paper or extended abstract (max 1 page) for flash talks and presentations [here](#). For a practitioner's talk, please provide a brief description of the topic of your talk. The extended submission deadline is Friday, **December 15th, 2023**. Registration for the conference without submissions will remain open after the deadline.
